Re: Resignation Request

Director Sharp,

Because of numerous incidents that you are responsible for, including social media posts, letters/emails to local groups, mailing list campaigns, and various content of District Board meeting participation

which have resulted in public misinformation, misrepresentation of the District and Fire Department, inciting public fear and distrust of the District and Department, impeding the work of the District and attempting to force a personal agenda which is outside of the District's subject matter jurisdiction,

And, in support of our Fire Department which submitted a similar letter, dated April 2, 2025 requesting Mr. Sharp's resignation, we the undersigned do ask for Mr. Sharp's immediate resignation from the DOHFPD Board of Directors.
