Dear Board Members,

I would like to express my interest in serving on the Fire Board of Directors. As a longtime foothills community member and now Oregon House resident, I care about this area and the people who live here. The fire department plays such an important role in keeping our community safe, and I would appreciate the opportunity to give back by serving on the board. I am especially interested in helping support the department's long-term planning, emergency preparedness efforts, and connection with the community.

My 21 years of service in the United States Air Force gave me experience working with people from many different backgrounds, making important decisions, and staying focused on the mission at hand. During that time, I spent five years in forward-deployed locations and three years stationed in Okinawa, Japan. Those experiences taught me the value of teamwork, accountability, and thoughtful leadership. I believe I can bring those qualities to the board while working alongside fellow members and department leadership to help support the fire department and the community it serves. Thank you for your time and consideration, and I would welcome the opportunity to discuss my interest further.

Respectfully,

Dustin Strain
