Attached are the minutes from the DOHFPD December minutes, which were approved on 1/28/25. In regards to the April 12, 2024 letter, the Chief Butler states he did not write this letter. The Chief says he met in person with the Planning Department. Is there any documentation on this meeting?

*Chief Butler indicated that no letter was sent and recommendations were done in person at meeting with Planning Department. There appears to be a problem with a letter presented by Director Sharp that represents to be written by Chief Butler; Chief Butler denies writing the letter and states unequivocally that the signature is not his.*

Thank you,

Hi Charles,

The document signed by Chief Butler was submitted to us by the Applicant to be used as their Fire Protection Plan. I assumed the letter was approved by Chief Butler due to his signature.

I have had two meetings with Chief Butler. The first meeting was on October 28th at the Richard's property which included myself, Joshuov Sferle – PWs, Oscar Marin – OES, Justin Hartman – CalFire, Chief Butler, and Jerry Parker – Sheriff's., and the Richards. We drove one of the emergency routes and he provided comments stating that evacuation road 2 would be adequate as long as the certain parts of the road was improved and the inclusion of safety protocols. There is no formal documentation of this meeting besides the calendar invitation on outlook. I had a second phone call meeting with Carrie Richards and Chief Butler on January 7th to discuss preparing the evacuation plan and confirming evacuation plans.

Sincerely,

**Ciara Fisher**
