**Subject:** CAL FIRE Update - Timber Harvest Documents & CEQA

**TIMBER HARVESTING DOCUMENTS, TIMBER  
OPERATIONS ON TIMBERLAND, LICENSED  
TIMBER OPERATORS, AND GRANT-FUNDED  
PROJECTS.**

Linked below is a guidance memo on when it's appropriate to use a timber harvest document for CEQA compliance on a grant project, and when it is not. The memo also highlights when it's appropriate to use a Licensed Timber Operator (LTO) versus a Contractor's State License Board tree service license on grant projects.

Please contact John Ramaley at the following if you have questions. Thanks for your time and consideration.

John Ramaley
